

To the People of Lawrence.

PROCLAMATION.

Lawrence, July 15, 1857.

I have learned that a considerable number of the citizens of Lawrence, in this Territory, have adopted, as their charter, a copy of the charter of the city of Kansas, in my hands, upon comparing which with the charter of the Territory, I find that they differ in many essential particulars. The new charter, then, is set up, not only without any authority of law, but in direct and open defiance of an act of the territorial legislature on the same subject.

On this point your committee, whose views have been adopted by you, make the following statement: "By ordinary circumstances the more regular method of proceeding would be to obtain a charter from the territorial authorities. As the territorial government, however, in no sense represents the people of Kansas, we cannot accept of a charter from them, and as the State government has not, as yet, deemed it advisable to proceed to the organization of local and municipal governments, we cannot obtain a charter from it."

It is, therefore, left only the alternative of a charter springing directly from the people, or a continuance in the present unorganized condition.

Under these circumstances, you have seen fit to instruct us to present a charter, having discussed its provisions in a preliminary assembly, and now propose to submit it to a full vote of the people for approval or rejection."

It will be perceived that the authority of the territorial government is not distinctly denied; and, whilst the so-called State government is acknowledged, it is conceded that no charter has been granted by them. Indeed, it is a fact that, although this so-called State government has in itself no legal existence or authority, yet you asked and failed to receive a charter from them.

Under these circumstances, you have proceeded to establish a government for the city of Lawrence, in direct defiance of the territorial government, and denying its existence or authority. You have granted to this city government the authority to elect a mayor and board of aldermen, city assessors, treasurer, justices of the peace, city marshal, and city clerk, and to the mayor and board of aldermen most extensive powers, including the right to levy and collect taxes upon real and personal property within the limits of the city, whether belonging to residents or non-residents, and all the other powers usually incident to a city government. You have imposed upon all these officers the duty of taking an oath to support this so-called city constitution, thus distinctly superseding, so far as in your power, the territorial government created by the Congress of the United States. You have caused these proceedings to be printed in hand-bill form, and have distributed them to the view to induce the citizens of the Territory to join in the establishment of this unconstitutional government, thereby placing the people of this Territory, so far as in your power, in open conflict with the government of the United States.

The more conservative portion of your own party having induced you to take legislative to reject the charter, and to instruct your officers to support this so-called city constitution, you have, in your power, proceeded to create such a government for Lawrence, and are now urging other localities to pursue a similar course. Your evident purpose is thus to involve the whole Territory in insurrection, and to renew the scenes of bloodshed and civil war. Upon you, therefore, rests the guilt and responsibility of this contemplated revolution. You will be justly chargeable in law and in conscience with all the blood that may be shed in this contest, and upon you must fall the punishment. You have elected your officers under this charter, and instructed them to enter upon the discharge of their duties, including the adoption of a charter, and the execution of an oath, in support of this unconstitutional government. The Territory will thus be involved in inextricable confusion and litigation; the value of your property be greatly depreciated; your titles, transfers, transactions, and contracts will be subjected to endless and costly disputes, and all will suffer from this insurrection, except the lawless and the wicked.

Another Great Cure effected by Berhaves' Holland Bitters. The wife of Peter De Witte, living in Holland Town, Sheboygan county, Wisconsin, suffered much from Weakness of the Stomach and Indigestion. She had been under a physician's care for some time, but the disease seemed to baffle every effort. She purchased some HOLLAND BITTERS at our office, which has given tone to her stomach; her appetite and strength are returning, and we firmly believe that this is another great cure effected by your medicine.

We have still to record many wonderful cures effected by this remedy, but must wait another opportunity. One thing you can rely upon, what we have published are from persons much respected in our community, and are literally true.

perious consequences of your own acts, under the authority vested in me by the President of the United States, to order an adequate force of the troops of the United States to your immediate vicinity, to perform the painful duty of arresting your revolutionary proceedings. Let me implore you not to compel me to appeal to that military power which is required in the last resort to protect the government of your country. You cannot carry your rebellious purposes into effect without coming into unavoidable and open conflict with the troops and government of the United States.

Let me adjure you, then, once more, to abandon these proceedings before you involve yourselves in the crime of treason, and subject the people of the city of Lawrence to all the horrors and calamities of insurrection and civil war. If you will now desist from this projected revolution, the past will be forgotten as far as practicable; but if you persist in passing these laws and carrying them into execution, thus defying and superseding the government of your country, the deplorable consequences must be upon your heads and those of your associates. It will be my chance, if you still elect to proceed, to be as far as practicable, and subject the leaders and projectors of this revolutionary movement to the punishment prescribed by the law. I will accompany the troops to Lawrence with a view to prevent, if possible, any conflict, and in the sincere hope that the revolutionary movement contemplated by you, and its present unauthorized condition, will, ere it is too late, be abandoned by you.

If you can be induced by no other motives, the evident fact that the power of the government is adequate to prevent the accomplishment of your purpose should induce you to desist from these proceedings.

The same overruling Providence who holds in his hands the destiny of this beloved country may now incline your hearts to peace, and influence you to abandon this fatal enterprise, the sincere wish of your fellow-citizens.

R. J. WALKER, Governor of Kansas Territory.

The MINERAL WEALTH OF GREAT BRITAIN.—From the "Mineral Statistics" of 1855, published by the British Government, we gather the following statements of the principal ores raised in the British Isles during that year. The figures are formidable. Of tin there was raised 2,267 tons, the total value being about £208,386. Of copper the quantity mined was 350,714 tons, valued at £2,093,498. The amount of lead was 92,330 tons, with a value of £1,832,531.—Iron ores footed up the enormous sum of 9,553,471 tons, with a value of £13,515,266. The total value of the raw ores of tin, copper, lead and iron, raised in one year, being ninety million one hundred and fifty thousand and six hundred dollars—a sum sum to be extracted annually from the limited space in the British Islands where these metals are found. Besides these, the coal raised during the same year amounted to 64,553,070 tons. An immense amount of other mineral products are given in the report.

FREE SUFFRAGE. TICKETS TO BE HAD AT THE JOURNAL OFFICE, FREE OF CHARGE.

To the Friends and Patrons of the Wilmington Journal.

On the 14th day of September next, the Weekly Journal will enter upon its 14th year, and the Daily Journal upon its 7th volume, on the 5th day of the same month.

Both papers will appear in new and beautiful type, which the founder is now engaged in casting, expressly for the purpose. The new dress of the Journal, will, we feel confident, leave nothing to be desired on the score of beauty, distinctness and utility.

It will be our constant effort to render the editorial and news departments of the paper equal to its mechanical execution, and worthy of the very liberal patronage which has been extended to it during the many years of its publication in this place. We are aware that promises are seldom borne out by performance, and can only refer to the past as the best guarantee for the future. This much, however, we say:—that we will enter upon the new volume with enlarged experience and more adequate facilities for the prosecution of our work, and with determination to devote all the talents and resources of this contemplated revolution.

You will be justly chargeable in law and in conscience with all the blood that may be shed in this contest, and upon you must fall the punishment. You have elected your officers under this charter, and instructed them to enter upon the discharge of their duties, including the adoption of a charter, and the execution of an oath, in support of this unconstitutional government. The Territory will thus be involved in inextricable confusion and litigation; the value of your property be greatly depreciated; your titles, transfers, transactions, and contracts will be subjected to endless and costly disputes, and all will suffer from this insurrection, except the lawless and the wicked.

BERHAVES' HOLLAND BITTERS.

THE CELEBRATED HOLLAND REMEDY FOR BRUISES, DISINTEGRATED KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND, FEVER AND AGUE.

THE VARIOUS AFFECTIONS consequent upon a disordered STOMACH OR LIVER, such as Indigestion, Acidity of the Stomach, Colic, Pains, Heartburn, Loss of Sleep, Headache, Nervousness, and all the other symptoms of a disordered stomach and liver, are cured by the use of this medicine.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Berhaves. Because of its great success in most of the above affections, it is introduced into the United States and is now especially for those of the United States who are afflicted with these diseases.
